

INDEX TO ECOLOGY, VOLUME 53, 1972

A

- Aase, J. K., article, 1200
- Abrami, G., article, 893
- Accumulation of minerals in coastal plant tissues, 78
- Acmaea scabra*, energetics, 430
- Activity indices, wheel running ground squirrels, 160
- Adams, L., article, 173
- Adaptation and food preferences of squirrels, 89
- Adaptation of rotifers to seasonal variations, 408
- Adaptations in size and form of sawfly parasitoids, 190
- Adaptations of *Goniobasis*-infecting cercariae, 906
- Adaptive differences and environment, *Clarkia*, 808
- Adaptive geometry of trees (book review), 987
- Addicott, J., article, 291
- Adrenal weight in ground squirrels, 173
- Aeration requirements for swamp tupelo germination, 506
- Aeration, tupelo gum and bald cypress, 626
- Aerosols, salt, 74
- African ungulate life tables, 645
- Age estimates (radiocarbon) for B. C. shell middens, 847
- Aging in populations, 798
- Agonistic activity in reef fishes, 743
- Agonistic behavior of reef fish, 753
- Agropyron desertorum*, frequency, 1204
- Agropyron spicatum* in Idaho, 137
- Alaska agricultural potential, map, 514
- Alaska, water balance and agriculture, 513
- Alberta, Rocky Mountain Forest, 472
- Alder production, 235
- Alkali sacaton seed content of soils, 965
- Allen, L. H., Jr., article, 102
- Allerton Park, Urbana, IL, rotifers, 408
- Alligator, biophysical ecology, 1094
- Allopatry, contiguous, in salamanders, 545
- Alnus* on B. C. shell middens, 842
- Alnus* productivity, 235
- Alpine snowfields, solar radiation absorption, 1189
- Aluminum in bog plants, 498
- Ambrosia trifida* carbon dioxide relations, 346
- Ambystoma laterale*, 3
- Ambystoma maculatum*, 3
- Ambystoma tigrinum* in subalpine ponds, CO, 375
- Ambystoma tremblayi*, 3
- American rivers and plankton, 1038
- Ammonium-derived N_2 , fate in flooded soil, 736
- Ammophila brevilinguata* response to salinity, NC, 466
- Ammospermophilus leucurus* and temperature, 158
- Analysis of biological populations (book review), 762
- Andersen, A., article, 291
- Anderson, N. H., article, 661
- Animals, terrestrial, in flotsam, Puerto Rican Bank, 112
- Anodonta grandis*, 155
- Anodontoides ferussacianus*, 155
- Anolis limifrons* food habits, 182
- Antarctic ecology (book review), 1209
- Antelope ground squirrel, temperature effects, 158
- Ants, niche analysis, 126
- Ants, predaceous, seed-eaters, honey-gatherers, slave-makers and slaves, 127
- Ants, protection of *Barteria*, 885
- Aphids on *Solidago*, niche width, overlap, 687
- Aquatic chemistry (book review), 370
- Aquatic plants, nutritive value, 484

- Arboreal *Paramecium*, 291
- Arceuthobium douglasii* in British Columbia, 729
- Ares, F. N., article, 1084
- Aristida longiseta* in Idaho, 137
- Arizona, ponderosa pine, burns, 119
- Arsenical herbicide effects on a fescue meadow, 507
- Artemia salina* dissemination by crayfish, 314
- Artemisia tridentata* age structures, 615
- Ashby, W. C., article, 980
- Ashby, W. C., review, 369
- Ash determination methods, 132
- Assimilation efficiencies, squirrel foods, 86
- Atmospheric transport, forest gaseous exchange, 102
- Auerbach, S. I., commentary, 205
- Australia, pomacentrid fish and corals, 741
- Australia, sand goanna and water losses, 452
- Australia, south, *Varanus gouldii*, 452
- Atmospheric pollution and climatic change, 908
- Atriplex polycarpa* autecology, 1155
- Axolotl as predator in subalpine ponds, CO, 384

B

- Bacteria, estuarine, and competition for urea, 921
- Bacteriology, river, thermal effects, 283
- Baetis* in downstream drift, 661
- Baker, H. G., article, 997
- Bakker, Elna, reviewed, 365
- Bald cypress, effects of air, water, and nitrogen, 626
- Baldwin, M., reviewed, 547
- Ballinger, R. E., article, 570
- Banana leaves, leaf tearing, 143
- Barbour, M. G., article, 1155
- Barlow, Elizabeth, reviewed, 763
- Barren sites in floodplain grass stands, NM, 965
- Barro Colorado, *Anolis* food habits, 182
- Barro Colorado Is., C.Z., 143
- Barteria* protection by *Pachysima* ants, 885
- Bases in coastal ecosystems, 79
- Bat communities, 555
- Bauman, Joan, article, 182
- Bayly, Isabel L., article, 714
- Bay of Fundy, ecology of tidal extremes, 933
- Bazzaz, F. A., article, 343
- Beach flotsam, Puerto Rican bank, island, 116
- Beals, E. W., review, 983
- Beetles and palm seeds, 258
- Beetle predation on Scheelea, 954
- Beetles, spruce, 830
- Behavioral ecology measured by aggressive dominance, hermit crabs, 962
- Behavioral indices of adrenal weight in ground squirrels, 173
- Behavior, hermit crabs and shell adequacy, 1075
- Behavior of deer fawns, 262
- Bell, M.A.M., article, 840
- Benthic substrates and mollusca, 271
- Benthos-drift relationships, Texas stream, 665
- Beyers, R. J., article, 709
- Biology and water pollution control (book review), 371
- Biomass accumulation ratio, red alder ecosystems, 240
- Biomass density of *Pisaster* vs. *Leptasterias*, 643
- Biomass, dry-weight, *Zostera*, 151
- Biomass, red alder ecosystems, 235
- Bird density compensation, Pearl Archipelago, 330

- Bird, land, wintering community, TX, 317
 Bird species diversity, 278
 Bird species, ecological amplitude and distribution, 326
 Birds, wintering in Texas, 317
 Bitterbrush (antelope), and ponderosa pine, 294
 Bitterlich sampling method, 724
 Blackman's coefficient of dispersion, 391
 Bleakney, J. S., article, 933
 Blunt, W., review, 199
 Body surface area in weasel metabolism, 939
 Bog plants, limiting minerals, 498
 Bog, raised, elements in plants, 498
 Bog, water relations in plants, 726
 Bomb-combustion ash determination, errors, 135
 Boothbay Harbor, ME, herring activity experiments, 439
 Bormann, F. H., article, 769
 Boundary Waters Canoe Area, 47
 Boyd, C. E., article, 484
 Boyd, C. E., article, 927
 Boyer, J. S., article, 343
 Branton, C. I., article, 513
 Bray-Curtis ordination technique, 868, 874
 Brillouin's formula, diversity measure, 688
 British Columbia Douglas-fir dwarf mistletoe, 729
 British Columbia, shell middens, 840
 Breedlove, D. W., article, 243
 Brockelman, W. Y., article, 944
 Brock, T. D., article, 283
 Bromeliads and paramecium, 291
 Bromeliads, epiphytic, and absence of *Paramecium*, 292
 Brooks, W. H., review, 365
 Brown, J. H., article, 310
 Brown, J. H., article, 939
 Broyer, T. C., article, 626
 Brussard, P. F., article, 243
 Buffalo (*Syncerus caffer*) life tables, 645
 Burger, Joanna, article, 362
 Burgess, R. L., review, 765
 Burning (experimental) effects on Derbyshire grassland, 915
 Burns, *Pinus ponderosa* type, 124
- C
- Cacti (Cereanae), selection by breeding *Drosophila*, 850
 Cactus and woodrats, 310
 Cadmium sulfide photometer, 526
 Calcium in *Typha* marsh, 716
 Caldwell, M. M., article, 974
 California, *Atriplex polycarpa* autecology, 1155
 California, fire and manzanita, 1179
 California ground squirrel, adrenal gland weight from behavior, 173
 California, insect diversity in salt marsh, 58
 California, *Pinus ponderosa* photosynthesis, 92
 California, salt spray and mineral cycling, 74
 California, San Mateo Co., coastal salt spray, 74
 California, seed weight, 997
 California, Sonoma Co., salt marsh communities, 58
 California, woodrats and cholla, 310
 Caloric content of longleaf pine standing crop, 950
 Caloric content of plants, 982
 Caloric data, *Acmaea* populations, 433
 Calorimetry results vs. available energy, critique, 982
 Cameron, G. N., article, 58
 Canada, Rocky Mt. forest, Alberta, 472
 Canal Zone, *Anolis* on Barro Colorado Is., 182
 Canal Zone, *Musa* leaf tearing, 143
 Canopy structure, red mangrove, 32
 Canyonlands National Park, 299
 CO₂ at high altitudes, 494
 CO₂ diffusion theory, 494
 CO₂ exchange and transpiration experimental chamber, 344
 CO₂ exchange measuring, 343
 CO₂ in Costa Rican forest, 104
 Caribbean green turtle, 425
 Caribbean, historical factors, 112
 Caribbean reef corals, species diversity, 745
 Carpenter, E. J., article, 921
 Carr, A., article, 425
 Carr, Marjorie H., article, 425
 Carrot, wild, population dynamics, MI, 668
 Carter, G. A., article, 1127
Caryobrychus buschi predation on palm nuts, 955
 Cattail community, seasonal ionic fluctuations, 714
 Cedar, red, influences on, 1141
 Cell length, wood of *Liquidambar*, 165
 Cell-wall fractions of aquatic macrophytes, 484
 Censusing mouse populations, 859
 Central American bat communities, 555
 Cercariae emergence from *Goniobasis floridensis*, 901
Cercocarpus montanus age structures, 615
Ceriodaphnia as prey, 248
Ceriodaphnia reticulata, 607
 Ceylon, elephant distribution in Ruhuna National Park, 208
Chaoborus in subalpine ponds, CO, 375
Chelonia mydas, site fixity, 425
 Chilcote, W. W., 294
 Childress, J. R., article, 960
 Chi-squared test, nomogram for field use, 529
Chlorella in microcosm, stress effects, 711
 Cholla and woodrats, 310
 Cladocerans and pond pH, 605
 Cladocera, Gatun Lake, 249
 Clarkia, section *Myxocarpa*, adaptation, 808
 Clayton, J. L., article, 74
 Clemons, R. M., article, 458
Clibanarius albidigitus behavior and fitness theory, 960
 Climatic change and atmospheric pollution, 908
 Climatic fluctuations in Iceland since settlement, 785
 Climatic maps of Alaska, 516, 517, 518, 519
 Cloquet Experimental Forest, MN, 681
Clupea harengus harengus and light changes, 438
 Clutch size and fitness, tropical hermit crab, 961
 Coastal ecosystems, salt spray, 74
 Coconuts carrying terrestrial organisms, Puerto Rican Bank, 114
Cocotrypes, 258
Cocotrypes carpophagus and palm seeds, 258
 Coenoclines, simulated, for testing ordination techniques, 868
 Coenocline simulation, 446
 Coevolution, squirrels and mast, 90
 Coexistence among hermit crabs, 1062
 Cohen, B. S., review, 549
 Cold stress experiments, weasels, 939
 Colinvaux, P. A., review, 759
 Colonization from flotsam, 115
 Colorado, alpine pond zooplankton, 375
 Colorado ants, niche analysis, 126
 Colorado, *Deschampsia caespitosa* phenology, 1171
 Colorado, Larimer County, shrub age structure on a mule deer range, 615
 Colorado, fence lizard demography, 570
 Colorado, predation in ponds, 375
 Colorado River plateau, grasslands, 299
 Colorado, shrub age and mule deer range, 615

- Colorado, spruce beetle outbreak factors, 830
 Colorado, subalpine populations and weather, 243
 Colorado, weather and subalpine populations, 243
 Combustion techniques to determine total ash, 132
 Commentary, courts, ecology, and environmental planning, 373
 Commentary, ecology, ecologists and the E.S.A., 205
 Commentary, Ecology and ethics, 1
 Commentary, J. W. Curlin, 373
 Communities, computer-simulated, 387
 Community complexity and stability, 827
 Community effect, 187
 Community matrix, covariance, 187
 Community organization, Caribbean corals, 748
 Community saturation, amphibian, 15
 Community structure, *Ambystoma-Rana* community, 3
 Compartment analysis problem, linear, 972
 Competition among fugitive species in a harlequin environment, 749
 Competition among hermit crabs for gastropod shells, 963
 Competition and predation in ponds, 375
 Competition for food between salamanders, 535
 Competition for food between starfish, 635
 Competition for urea, estuarine microorganisms, 921
 Competition in an amphibian community, 3
 Competition in host specificity of breeding *Drosophila*, 850
 Compleat naturalist. A Life of Linnaeus (book review), 199
 Computer-simulated communities, 387
 Computer technique for displaying three-dimensional data, 177
 Continua, artificial one-dimensional, sampling characteristics, 387
 Copepoda, Gatun Lake, 249
 Corals dispersing *Dascyllus aruanus*, 741
 Corals, species diversity in, 745
 Coral, synthetic, reef fish experiments on spacing, 753
